

- Integrated coolant flush
- Chip guard with coolant nozzles
- Stroke control unit or proximity switch for end position open
- proofline® = fully sealed - low maintenance

Subject to technical changes.

For more detailed information please ask our customer service.

* The Steady Rest can be modified to this clamping range (see instruction manual page 24) if the coolant chip guard is not used.

** Can be loaded axially. Radial loading with chip guard Ø 92, without chip guard Ø 101.

*** Cylinder sizes different from standard available on request.
